

# DIVE Deeper™

---

## Microsoft SharePoint Technologies MasterClass

---

### Course Objectives:

Are you considering implementing Microsoft SharePoint Services or SharePoint Server 2003? If so, then this MasterClass could be just right for you. You will learn essential skills to help you deploy, manage and administer Microsoft SharePoint Services and SharePoint Server 2003.

Dive Deeper MasterClass is our unique brand of hands-on technical workshops. They're practical, highly focussed and intense – the ideal opportunity for you to roll up your sleeves and get your hands dirty! Designed for IT professionals who don't have time to waste, our MasterClass aims is to fast-track through the maze and simply get straight to the point in one jam-packed day.

**Course Duration:** 1 day (9.30 am to 4.30pm)
